

[Special Offer Queenstown Rally Carwash.](#)

We would like to offer a special rate to competition vehicles, and officials, to enable the cars to travel home after the event clean!

In addition, to the \$15 Silver Fern Rally special offer Budget Blast, which includes a pressure rinse (including wheel arches), shampoo and final rinse, we are prepared to offer the "Budget Blast Plus" service for \$25, which also includes a quick interior vacuum and wipe over. We offer other services as well just ask.

Please note there is a height restriction of 2.2 metres in the car park, which may affect some vehicles.

We will provide two hours' free parking, for vehicles that are being groomed by us. The Man Street car park is a multi-storey car park in the centre of town (with CCTV security) and would be an ideal place for the cars to be parked, if owners require somewhere centrally-located throughout their stay. As you will see from our website, access to the car park and Carwash Queenstown is gained from Man Street.

If competitors follow the signage and head down the ramp to level 3, they will find Carwash Queenstown on that level.
